Most of the meeting was spent with parents giving kudos to the MS Staff:

"Step up day" – 5th graders coming to visit in the spring. Very positive, excellent program, kids impressed, helped transition

End-of-the-year assembly – great that it recognized a variety of kids with a variety of talents

Transition – with new principal, the staff did an excellent job to make it smooth

Mrs. Dudley called home to a new choice student's house to see how they were feeling when they went home sick

Mr. Gedack – communicating with prospective GATE parent over the summer

Great communication through new student enrollment – teachers, secretaries. Power school a great resource.

Next Meeting will look at CSAP big trends.
