Middle School updates - I had a baby girl Alexis Jean Cady. Happy to have her here for the last 6 weeks. Watch my son learn how to be a brother. Loved the meeting with District leadership last week. Looking forward to next year. Think we should start to have an August meeting. It's teacher appreciation week - kids are using the materials during advisory and kids are creating cards and delivering. Teachers are appreciating and getting emotional about some of the things kids have written.

Last day is a half day.

8th Grade promotion on 5/26

We're planning a really fun last day on a Wednesday

Rotate between dance, field, autographs, then 8th graders will practice their promotion
